Dear Arvind Ji,

Further to our discussion, and as agreed by you, I am sharing the draft letters regarding the dog menace issue.

As you are aware, the AOA has issued only one official letter to the Authority on this issue till date (October 2025). Since then, I have been consistently pursuing the matter with the concerned authorities through various representations.

As discussed, I have prepared two separate drafts—one addressed to the **District Magistrate** and the other to the **CEO, Noida Authority**. The draft has been shared with you in Word format.

Being an elected AOA member and having been actively pursuing this issue on behalf of residents, I request that once approved, the signed letters may kindly be handed over to me for submission to the respective authorities so that the follow-up continues seamlessly.

If any changes or additions are proposed in the drafts, I request that they may kindly be shared with me before finalization, as the drafts have been prepared after carefully considering the legal, administrative and practical aspects of the issue.

Kindly let me know when the signed letters will be ready for collection.

Regards,
Shalini Rana
AOA Member

Dear Arvind ji,

Further to below email, I would like to request that the letter may be sent to Chief Secretary instead of CEO or maybe both

As we have to address our issue to all concerns at higher level

Regards,
Shalini Rana
