Regarding Sub-Urgent follow-up regarding aggressive/biting stray
dogs. obstruction of offical gog-catching activities Sec- 134
Noida(ACEO-PR)**

On Date-14-OCT-2026

No-41-1401002026

New Okhla Industrial Development Authority

To
Shri Pushp Raj Singh
Additional Chief Executive Officer (ACEO)
NOIDA Authority
Sector-6, Noida, Gautam Buddh Nagar, Uttar Pradesh

Dated: 14.10.26

Subject: Urgent follow-up regarding aggressive/biting stray dogs, obstruction of official dog-catching activities, and non-implementation of directions at Kosmos Society, Jaypee Wish Town, Sector-134, Noida

Respected Sir,

It is respectfully requested that the competent authority may kindly intervene urgently and issue clear, written and time-bound directions to the concerned officials of NOIDA Authority for addressing the continuing concerns regarding aggressive/biting dogs at Kosmos Society, obstruction/interference with official dog-catching activities, and implementation of the directions already issued in this regard.

It is further requested that Shri Anil Kumar, In-charge, Dog Management, and Shri R. S. Yadav, Nodal Officer – Stray Dogs, may kindly be directed to submit a time-bound Action Taken Report on the following points:

1. Residents of Kosmos Society have been reporting a serious and continuing problem of aggressive/biting community dogs, causing concerns regarding the safety of residents.
2. Reason why the NOIDA Authority had earlier issued an action taken concerning an alleged unauthorised dog feeder. Subsequently, the residents came to understand that the earlier action had been withdrawn within about a week. The **basis, competent authority and reasons recorded for such withdrawal** may kindly be verified and clarified.
3. The residents had earlier approached Shri Kranti Shekhar Singh, who, as informed to the residents, directed the NOIDA Authority Dog Catching Team to take necessary action. The action taken pursuant to these directions may kindly be provided.
4. The issues were repeatedly discussed during meetings with you on 03.09.2026, 08.09.2026, 17.09.2026 and 01.10.2026, during which directions/assurances were reportedly given. However, effective field-level action regarding the reported aggressive/biting dogs is still awaited.
5. An incident involving alleged obstruction/interference with the official Dog Catching Team occurred at the Society on 07.09.2026. Directions were reportedly issued for appropriate legal action, including registration of an FIR. The present status and action taken may kindly be communicated.
6. A further incident involving alleged interference/obstruction during official dog-catching activity was reported on 04.10.2026, involving the same person. The incident may kindly be examined on the basis of available records/evidence and appropriate action taken in accordance with law.

7. In view of the continuing complaints, appropriate action may kindly be taken for the identification, assessment and management/removal of dogs found to pose a safety risk, in accordance with applicable rules and directions.
8. On 05.10.2026, the Dog Catching Team issued a communication regarding a proposed visit on 06.10.2026 for creation of feeding points within the Society. The relevant letter, competent authority, applicable guidelines and basis for the proposed feeding points may kindly be clarified, particularly when the issues concerning aggressive/biting dogs and alleged obstruction remain pending.
9. The concerns regarding feeding of community dogs, particularly in the basement parking area, may kindly be examined. Appropriate warning/sign boards regarding feeding may also be installed wherever required under the applicable directions/guidelines.
10. The basis, competent authority and recorded reasons for the reported withdrawal/reversal of earlier action concerning an alleged unauthorised dog feeder may kindly be verified and communicated.
11. The Minutes of Meetings (MoM)/proceedings of the meetings held with you have not yet been provided to the residents. The same may kindly be prepared/finalised and shared, including the directions/decisions recorded and action taken thereon.
12. Shri Anil Kumar, In-charge, Dog Management, and Shri R. S. Yadav, Nodal Officer – Stray Dogs, may kindly be directed to personally monitor the matter and ensure immediate and time-bound action on the reported issues.
13. In view of the repeated representations, meetings and reported incidents, the matter may kindly be reviewed at the appropriate level to ascertain compliance with the directions already issued and the reasons for any pending action. A time-bound ATR may kindly be provided, indicating the action taken on each issue, the responsible officer/NGOs, pending action and the proposed timeline for completion.

The matter directly concerns the safety and security of the residents and may kindly be accorded urgent attention.

Yours faithfully,

(Shalini Rana)
Ex-AOA Board Member/ Kosmos Resident
