Subject: Follow-up regarding complaints of aggressive/biting stray dogs and obstruction of Noida Authority officials in discharge of official duties

Respected Sir,

This is with reference to my earlier email submitted after my meeting with you regarding the removal of aggressive/biting dogs from Kosmos Society.

It is unfortunate that, despite the assurance given by you and the directions issued during the meeting held at the Noida Authority office on 03.09.2026, as well as during the presentation made by the Dog Management Team of Noida Authority on 08.09.2026 to Sh. Anil Kumar, In-charge, Dog Management, and Sh. R.S. Yadav, Nodal Officer, Stray Dogs, no effective action appears to have been taken on the ground so far.

It is a matter of serious concern that the activities of the Dog Management Team appear to be largely confined to paperwork and reporting, without corresponding effective action on the ground. Despite repeated complaints and serious safety concerns raised by the residents, the situation regarding aggressive and biting dogs at Kosmos Society remains unchanged.

During the meeting, clear directions were also issued by you regarding the registration of an FIR against the person who obstructed/hindered the official dog-catching activity at Kosmos Society on 07.09.2026, in accordance with Noida Authority Office Order No. 1493 dated 29.05.2026, issued pursuant to the directions of the Hon'ble Supreme Court in Suo Motu Writ (Civil) No. 5/2025, including the directions dated 22.08.2025.

However, no effective action appears to have been taken so far either regarding the obstruction of the official dog-catching activity or the continuing problem of aggressive/biting dogs. This is causing considerable concern among the residents and requires immediate attention.

We have participated in two meetings with you regarding these issues; however, the minutes/proceedings of the meetings have not been shared with us so far. It is, therefore,

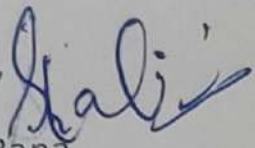

requested that the concerned officials may kindly be directed to prepare and circulate the minutes/proceedings of both meetings.

We were also informed that a meeting to review the progress would be convened after 15 days. However, in the absence of any visible progress on these critical issues, the residents continue to face the same safety concerns without any respite.

I, therefore, sincerely request you to kindly intervene and issue necessary directions to the concerned officials of the Noida Authority for immediate and effective action regarding the aggressive/biting dogs, as well as the obstruction of official dog-catching activities.

These matters directly concern the safety and security of the residents and require urgent attention. Your intervention in ensuring that the directions issued during the meetings are duly implemented would be highly appreciated.

Regards,

Shalini Rana

AOA Board Member

Kosmos Society, Jaypee Wish Town
